CURE MALAWI

ABOUT THE BEIT-CURE INTERNATIONAL HOSPITAL IN MALAWI

Established in 2002, Beit-CURE International in Malawi is the only hospital in sub-Saharan Africa recognized by the Royal College of Surgeons of England. Located in Blantyre, the teaching hospital has 58 beds, three operating theaters, and performs over 1,200 life-changing reconstructive and orthopedic surgeries each year for people suffering from treatable disabilities. In addition to world-class clinical service, CURE Malawi ministers to the emotional and spiritual needs of patients and their communities. The Beit Trust, a UK-based charity, provided the initial funding for this facility as a gift to the people of Malawi.
